THE STORY OF UPPINGHAM METHODIST CHURCH

1817-2017

BICENTENNIAL EDITION

This book updates an earlier history of the church by the same author. It details the start of a Methodist Society in Uppingham through to the building and then later remodelling and refurbishing of the church. The story is told through the local people – humble folk whose story is usually unrecorded. Names of local families still in the town today will be recognised. Thirty-eight pages with illustrations and sold in aid of the Methodist charity Action for Children.
